

TOP GRID RS-VLAI-301-TG

3200 lb. WLL

TOP GRID RIGGING SYSTEM VLA601i & VLA901i

RIGGING SYSTEM

RS-VLAI-301-TG TOP GRID

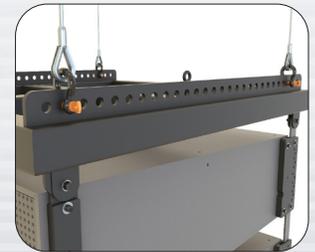

The RS-VLAI-301-TG Top Grid assembly will fly up to 8 VLA-i-301 loudspeakers in a row into a line array configuration. Simply secure the front and rear speaker Straps Kit of the top speaker cabinet permanently underneath the Grid's four load-rated interconnecting receptacles.

Rigging Rails on the left and right sides of the Grid's frame allow the entire cluster to be suspended and down tilted via multiple front-to-back rigging points. Place the cluster into a dead hang or tilt it down, up to 25° degrees.

Two additional hang points are included to make the installation easier, one at the front center and the other at the rear center to be used for hoisting the cluster into position so that the permanent suspension cables can be secured.

This easy to assemble kit comes with two load rated pivoting side straps that secure to the rear sides of the VLA-i cabinet and interlock up to the side straps of the next VLA-i cabinet.

Fly clusters in medium to steep angles using Universal Grid RS-56X168-UG. See data sheet for more details.

STANDARD FEATURES:

- ▶ Supports up to 8 VLA-i-301 Loudspeakers
- ▶ Multiple Rigging Points provide up to 25 degree angle down tilt
- ▶ Secure connection to speakers
- ▶ Supports Permanent Installations

OPTIONAL ACCESSORIES:

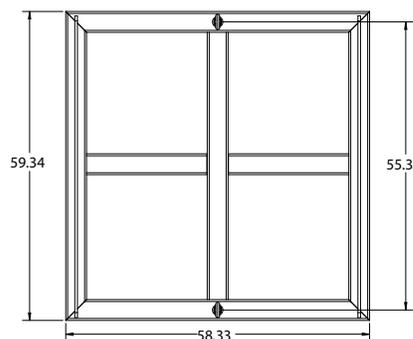

- ▶ See Overhead Universal Grid RS-56X1168-UG data sheet.
- ▶ See overhead hardware data sheet
- ▶ See wire rope data sheet
- ▶ See safety cable data sheet

SPECIFICATIONS:

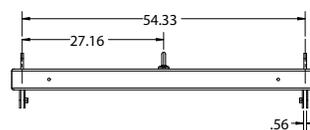

Materials: Structural steel
Finish: Powder coat
Color: Black
Tilt Angle: 25° degrees
WLL: 3200 lb / 1455 Kg
Design Factor: 5:1

PACKAGE CONTENTS:

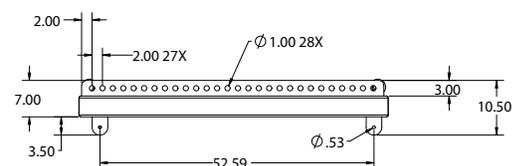

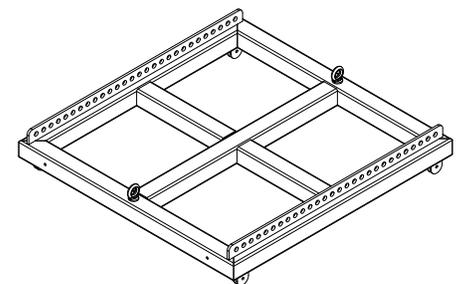

1 pc. Top Grid and hardware
2 pcs. Rear links and hardware

ALWAYS INSTALL SAFETY CABLES

WARNING: Mounting and/or suspension of audio and video equipment requires experienced professionals. Improperly installed loudspeakers can result in property damage, personal injury and/or liability to the installing contractor.
