

OSRV3-1800

1800 lb WLL

OFF-SET SWIVEL ANCHOR

RIGGING KIT

Suspended load at 30°

Put hang points where you need them with Adaptive's off-set anchor fitting. Avoid side loads with this high strength, load rated suspension fitting. This fitting rotates 360 degrees and aligns from overhead structures in the direction of suspended loads. Suspend overhead loads* directly to the superstructure to provide a safe and predictable rigging.

Suspended load at 10°
