

# FP-DX15-3x1

(400 lb. WLL)

## CLUSTER PACK PLANAR ARRAY KIT

FASPAC™

Clustering and flying Fulcrum DX15 series loudspeakers is easy, safe and very predictable. This planar array suspension kit joins three DX15 cabinets together to be flown as one, tight-packed for near field placement or splayed out for further distances from the audience.

Four front joiner plates and two rear joiner plates come in the kit. Load rated eyebolts provide the actual suspension by anchoring into the cabinet's threaded attach points. High strength bolts are provided to secure the joiner plates.

### SPECIFICATIONS:
